OvenClean Plus Licence Opportunity

Become part of a professional national team who lead
the way in Oven Cleaning in New Zealand

The Secret to Business Success:

1. Sell high demand products & services that are highly profitable with low overheads;
2. Implement proven Sales & Marketing Strategies to make many, many sales...

Perhaps this is what you've been waiting for...

A realistic business opportunity :

Oven Cleaning Services

How About You?

You can achieve the same success as we have, but without the struggle. After all, there is no point in both of us going through it!

Just too quickly explain what this opportunity is, let's start with...

Licence:

A Licence is an agreement for you to sell specific products and services. You secure a Licence for these products and services when you purchase the **OvenClean Plus License**. This allows you to resell all the business products and services at what ever retail price you wish. You purchase the product from us at very low prices—**YOU make over 50% Profit** on each sale.

There are no other royalties you have to pay - even if you sell 10,000 of each product.

Note: Your Non-exclusive licence entitles you to sell the products and services any where in New Zealand, although you are restricted to only advertising in your home region.

You may be feeling that after reading this that if it is so good, why don't we keep it all to ourselves...

The simple answer is, if we could duplicate ourselves 100 times over and visit every home...we would...but we simply can't...and quite frankly we haven't got the time. (*We are based in Tauranga for the lifestyle!!*)

I hope you enjoy reading the following information, and I look forward to meeting you as part of the OvenClean Plus Team;

The Business Opportunity

Very few business franchises or license opportunities bring more certainty of success than those offering products with large profit margins and additional personal services.

And it's a big industry!

There are millions of homes in New Zealand, all with ovens, most with BBQ's, Microwaves and other appliances and the number of new homes is growing at a phenomenal rate!

More and more home owners are becoming aware of the need to bring in outside help to save them time and help provide the 'lifestyle' they enjoy. Most do not have the luxury of endless hours to get the housework done.

So, if these home owners don't have the time, what is the alternative?

Simply....you take the experience and knowledge to them.

Licenses are available in most areas of New Zealand, and with the convenience of being home based and the work/life balance it affords the licensee, coupled with the services and products is what makes the Oven-Clean Plus Licence a business opportunity not to be missed.

With continued access to support in areas such as accounts, business mentoring, sales & marketing and of course well experienced business professionals you have all the ongoing assistance to ensure the continued success of your business.

We welcome those that are prepared to work for their business success by catering to the In-home services demands of New Zealanders.

OvenClean Plus License options are available for highly attractive entry fees and no hidden costs.
